As you know, the graduation rate for students in Glynn County rests below both national and state averages.

While all students are susceptible to a high school transition period, our "Focus Graduation" students are at high risk for dropping out!

Additionally, the "Southside Performance Learning Center continues to offer a second chance for students to graduate from high school."

With the generous support of people like you, we will be able to support the students not only to help meet essential daily needs, but to work toward a brighter future.

CIS believes every child needs and deserves the five basics©:

- A personal, one-on-one relationship with a caring adult
- A safe place to learn and grow
- A healthy start and a healthy future
- A marketable skill to use upon graduation
- A chance to give back to peers and community
